

Conformation Handling Workshop

Handling your dog in the breed ring is both a skill and an art. This workshop focuses on both. Practice presenting your dog to his or her best advantage as well as presenting yourself like a professional. Learn how to critique and show off your dog's best features, and move at your dog's best rhythm.

This fun workshop provides experience for you and your show dog. Mirrored rings allow you to see yourself from the Judge's perspective and self-correct.

Sunday, November 18, 2018
